SOFTWARE DEVELOPER

Full-Stack Developer with 2 years of experience in E-commerce and CMS solutions. Transitioned from a Business Administration background through intensive coding bootcamps(TechUp). Proficient in React, Next.js, Nuxt.js, and Node.js, with hands-on experience in AWS and MongoDB. Passionate about building scalable products and eager to tackle diverse technical challenges.

KEY COMPETENCIES

Soft skills

Problem-Solving
Adaptability & Continuous Learning
Collaboration & Teamwork
Communication

Hard skills

Javascript	Tailwind CSS	Docker
Typescript	NodeJs	Git
ReactJs/NextJs	ExpressJs	Postman
VueJs/NuxtJs	MongoDB	Strapi CMS

WORKING EXPERIENCES

The Thai Chamber of Commerce

May25 - Present (10 months)

Full-Stack Developer

- Established the project architecture and coding standards to ensure consistency, maintainability, and seamless collaboration across the development team.
- Developed and Maintained the Thai Chamber of Commerce website with a fully responsive and SEO-friendly design.
- Built and customized a Strapi CMS, integrating APIs with a Nuxt.js frontend for dynamic content management.
- Designed and structured database schemas to support scalable content and system requirements.
- Integrated Google Tag Manager (GTM) and Google Analytics (GA4) to monitor user behavior and engagement.

Xsurface Co., Ltd

Jan24 - May25 (1 year 5 months)

Full-stack Developer

- Collaborated with Product Owners and team to gather and analyze requirements for feature development.
- Developed an e-commerce platform for home decoration materials and a back-office system for administrators using React.js, Next.js, Node.js, and MongoDB.
- Applied reusable component principles and wrote clean, maintainable code to ensure scalability and readability.
- Optimized API performance, reducing data retrieval time from the backend.
- Provided technical support and troubleshooting for users experiencing system-related issues.

Southland Rubber Holding Co., Ltd (Headquarter)

Sep19 - Jun23 (3 years 10 months)

Procurement Supervisor

- Collected and analyzed data from all branches to develop procurement strategies for raw materials.
- Controlled and optimized raw material purchasing costs across all branches.
- Collaborated with stakeholders to implement sustainable procurement strategies within the economics team.
